

## HOMEWORK POLICY 2011

The School sets four main aims for its homework policy:

1. To develop the very useful habit of regular unsupervised work.
2. To extend the amount of time available to the child for study.
3. To enable children to follow further the interests they have developed in School.
4. To encourage greater parental awareness of their child's learning.

Each child has been supplied with a homework planner to note details of homework set and the date it will be due in. **We ask that parents sign the planner each weekend** to indicate they are aware of the homework undertaken that week, and also use the planner to communicate anything of concern e.g. if a child is taking much longer than expected to complete work or if the work set is not sufficiently challenging. Reading of fiction - and reading around a topic - is always a good use of time and to be encouraged. The class teacher will check the planner each week. For children who need additional support, there is a Homework Club on Wednesday lunchtimes.
